

18

Here are five shapes, A to E.

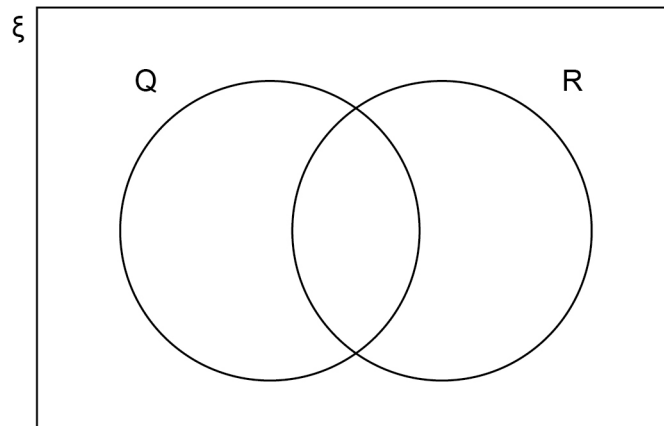

|   |                  |
|---|------------------|
| A | Parallelogram    |
| B | Regular pentagon |
| C | Rhombus          |
| D | Scalene triangle |
| E | Trapezium        |

Do not write  
outside the  
box

In the Venn diagram,

 $\xi$  is the set of all shapes

Q is the set of quadrilaterals

R is the set of shapes which **always** have rotational symmetry.

Complete the Venn diagram with the letters A to E.
