25 Rectangle $A B C D$ is the horizontal base of a triangular prism $A B C D E F$.
$A E=B E$
$E$ is vertically above $M$, the midpoint of $A B$.
$A B=16 \mathrm{~cm} \quad A E=17 \mathrm{~cm} \quad B C=30 \mathrm{~cm}$

25 (a) Show that $E M=15 \mathrm{~cm}$
$\qquad$
$\qquad$
$\qquad$
$\qquad$

25 (b) Work out the size of angle ECM.
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$

Answer $\qquad$ degrees
