Do not write outside the box

A ship is sailing in a straight line from its home port.

The distance-time graph shows 4 hours of the journey.

	4	^
	120-	
	100-	
Distance from home port (miles)	80-	
	60-	
	40-	
	20-	
	0-	0 1 2 3 4 Time (hours)

Work out the speed of the ship during these 4 hours.

[3 marks]

Answer _____

8

Turn over ▶

mph
